

Master Plan Committee, I can understand the purpose of the massive rebuild project and I am sure I will enjoy playing it when completed.

I have been a member of MBCC for about 32 years and I will be 81 years old next season. I don't play as frequently as I used to, so two years of fitting our membership onto 9 holes does appeal to me. I would much prefer getting all done in one year.

Regards,

Bob Briscoe

Hi Julie, Yes, you may post it.

Another thought, you can reduce congestion on a 9-hole course by letting up to say 30-40% of the membership take a two-year sabbatical with a modest sustaining fee.

Regards
