**Resent-From:** <[coursemasterplan@golymbcc.com](mailto:coursemasterplan@golymbcc.com)>

- 1- When, a few years ago, the Long Range Planning Committee and the Course Planning Committee were given the mandate to review and determine if work was needed on the golf course, were they given a budget, not for eventual work, but for the preliminary work?
- 2- If so, how much, how much has been spent so far and who is monitoring said budget.
- 3- If not, why not and how much has been spent so far?
- 4- How much have we paid Andrew Staples so far?
- 5- Assuming the project, as presented on October 15 last, was approved, how much would we have to pay Andrew Staples?
- 6- In the last communication from the Board, we were told that spousal contributions to the capital account would be equal to that of senior members, ie \$1.5K (plus gst and tvq, conveniently omitted). In an earlier communication it had been stated that the spousal discount would go from 48% to 32%. Which is it? If the former, how do you justify the change?

Looking forward to your answers to questions many fellow members are asking.

Thank you and Kind Regards.
